This Addendum to the Bid Documents includes the following:

#### I. Answers to questions:

1. The pre-qualification process required demonstration of product certified technicians, certified security project managers (CSPM) and extensively experienced engineers. The price sheet nor sample project speaks to design support, engineering support, or CSPM to coordinate with end users or other trades. Should we provide additional "Labor Rates" on the form for each of these tasks? **Yes, assume as follows: PM – 10 %**  
**Engineering – 5 %**  
**Technician – 85 %**
  2. If the answer to #1 is no, will all bidders be providing a "blended" rate at the single "Installation Rate" line item to include advanced services for Project Management and Engineering? Or do we only include basic technician rate with no advanced services for the sample project? **N/A**
  3. The sample project references "end of life" camera licenses not on the master price list. Should those be replaced with current ACC7 licenses for the sample cost? **Yes, replace with ACC7.**
  4. In section 1.9 of Supplemental General Conditions (pages 72-73), it is stated that under Alabama Act 2013-205, Certificate of Exemption from Sales and Use Tax for Governmental Entities, the Contractor is responsible for obtaining a Certificate of Exemption from the Alabama Department of Revenue for purchases of materials and other tangible personal property made part of the Project. Given that, what figure would you require in the "Estimated Sales Tax" field on page 2 of the Bid Proposal form (page 22)? **10% of equipment cost on the sample project bid schedule.**
- 2. Changed Term Room numbers to:**
- All Doors average **220'** from the Term Room
  - 6 - Cameras average **185'** from the Term Room
